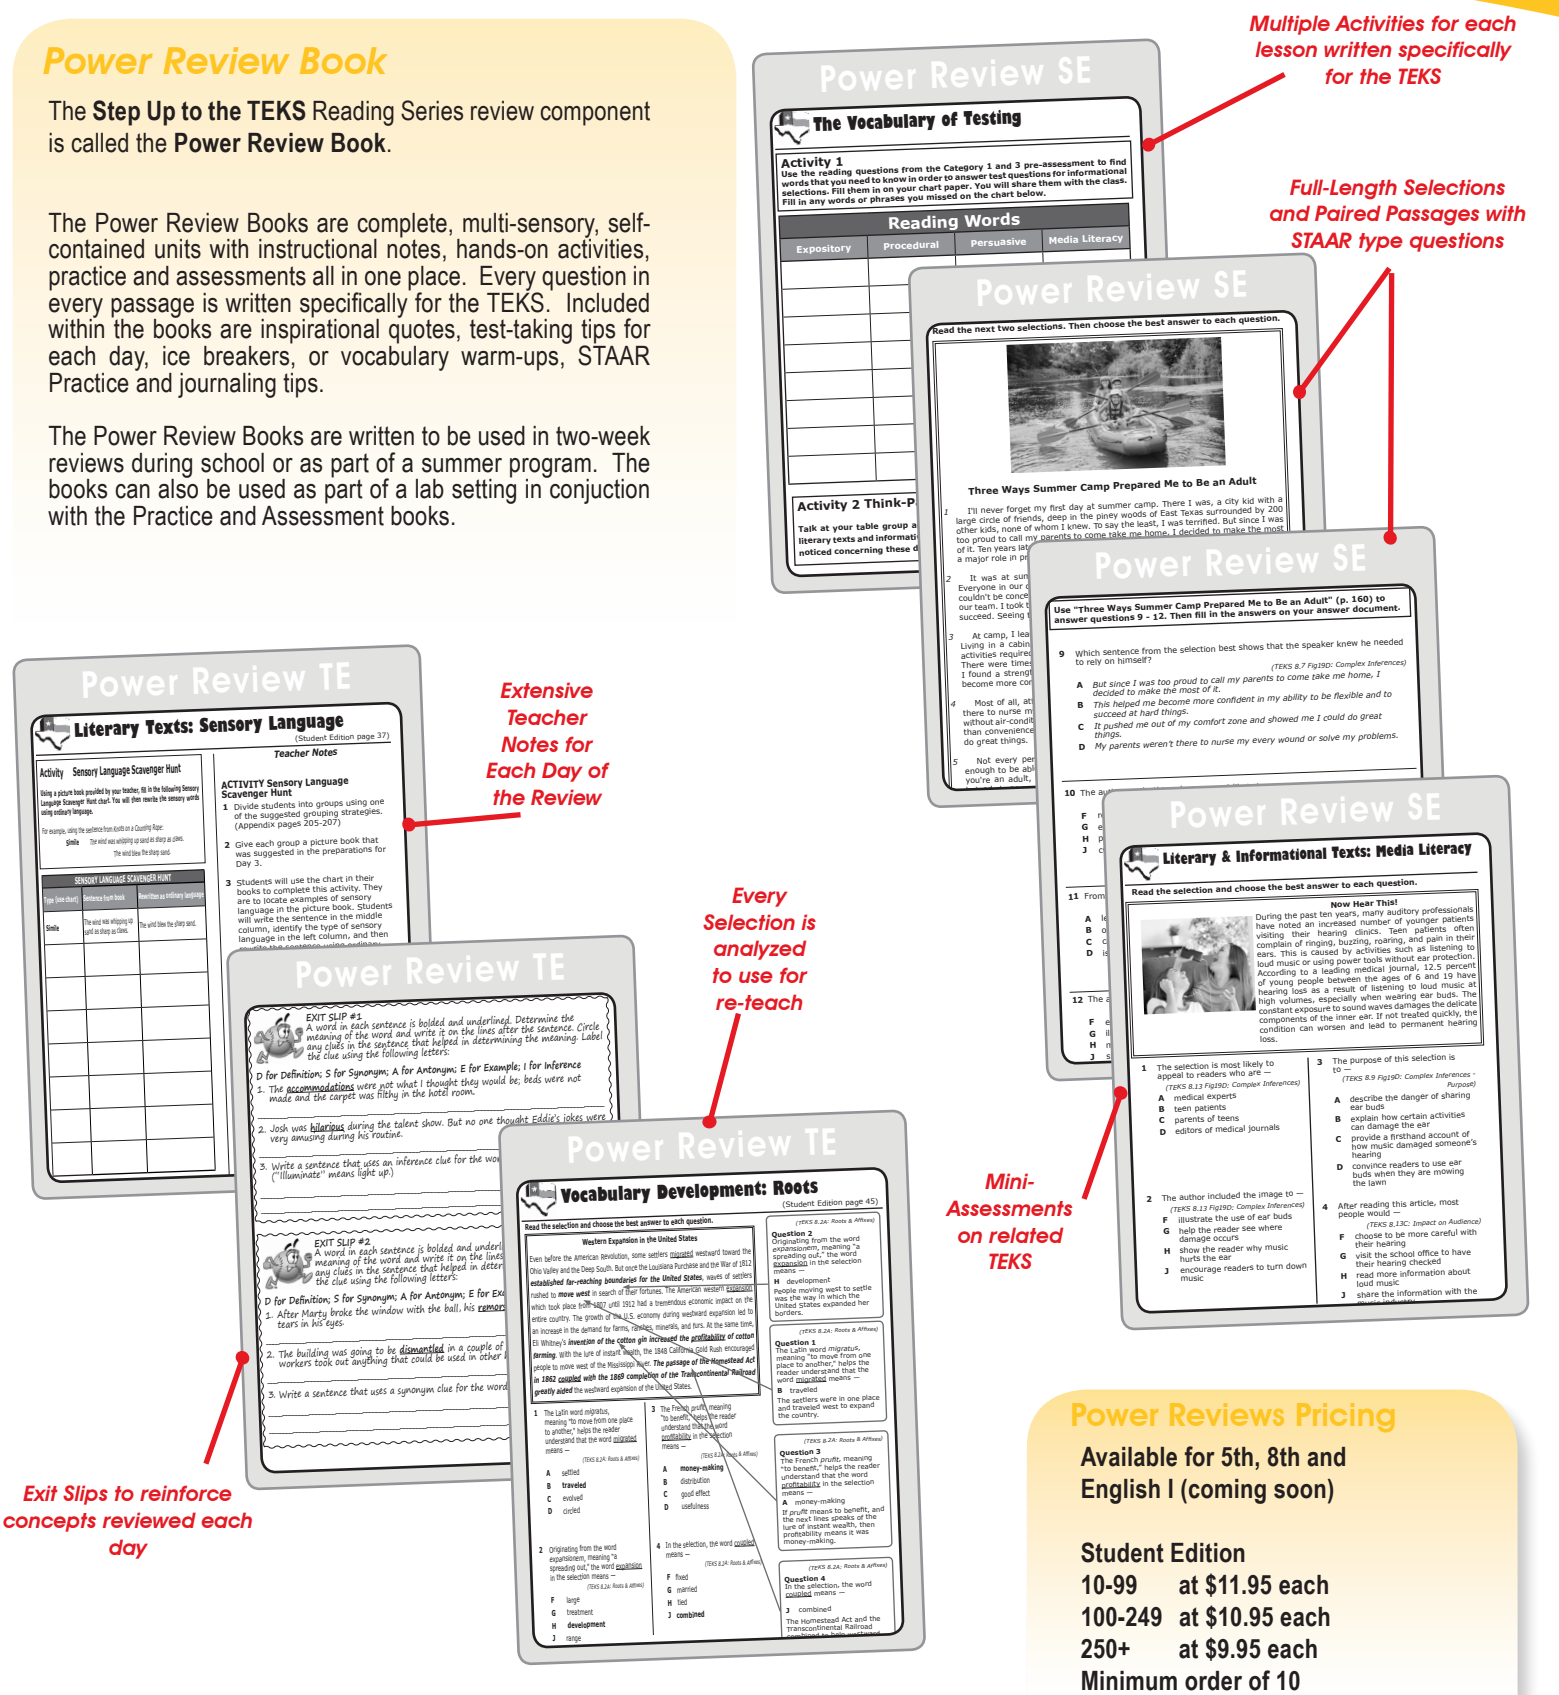
Power Review Book

The **Step Up to the TEKS** Reading Series review component is called the **Power Review Book**.

The Power Review Books are complete, multi-sensory, self-contained units with instructional notes, hands-on activities, practice and assessments all in one place. Every question in every passage is written specifically for the TEKS. Included within the books are inspirational quotes, test-taking tips for each day, ice breakers, or vocabulary warm-ups, STAAR Practice and journaling tips.

The Power Review Books are written to be used in two-week reviews during school or as part of a summer program. The books can also be used as part of a lab setting in conjuction with the Practice and Assessment books.



Multiple Activities for each lesson written specifically for the TEKS

Full-Length Selections and Paired Passages with STAAR type questions

Extensive Teacher Notes for Each Day of the Review

Every Selection is analyzed to use for re-teach

Mini-Assessments on related TEKS
